Re.
Declaration of Boron content

Dear Sirs,

Železiarne Podbrezová a.s. is a modern mini mill with closed cycle of production and further processing of steel. We produce and sell steel, steel tubes and tube semi-finished products.

Železiarne Podbrezová a.s. possesses certificates of quality management systems according to ISO 9001, IATF 16949, API Q1, ISO 14001, OHSAS 18001 and product certificates from several major certifying companies.

Železiarne Podbrezová a.s. hereby declares that the average content of the chemical element boron (B) in steel is 0,0002 % maximum, according to results of the chemical analysis in year 2020.

Yours sincerely,

Jozef TURIS, Ms.C.
Head of Quality assurance and Quality control deparment
- Quality Manager .
