Re.
Product safety

Dear Sir,

Our Joint stock company Železiarne Podbrezová is a modern metallurgical plant having closed cycle of production and further processing of steel.

We manufacture and sell steel blooms, steel tubes and tube semis. Železiarne Podbrezová a.s. holds certificates of quality management systems ISO 9001, IATF 16 949, API Q1, ISO 14 001, OHSAS 18001 and production certificates from several important companies.

A safe system of preventing the radioactive contamination of steel, tubes and tube products is in Železiarne Podbrezová a.s. based on three-stage control by which 100% control of the radioactivity detection of products is ensured, thus we certify that the above-mentioned products in terms of the radioactivity are safe and meet all safety criteria within the scope of its use.

Yours sincerely,

Jozef TURIS, Ms.C.
Head of Quality assurance and Quality control deparment
